Community Based Services

Hi there,

We are sending this letter to let you know about the ICF/ID Transition Program. The purpose of the program is to give a limited number of people living in Utah ICFs/ID the chance to transition out of an ICF/ID and into the Utah Community Supports Waiver. This waiver provides services and supports to people who live in their own homes and other community settings. Here is some important information about the Transition Program:

- You do not have to apply for the program if you do not want to move.
- There is a limited amount of money so not everyone that applies will be able to participate.

To be eligible for consideration in the program you:

- Must currently live in a Utah ICF/ID (and have lived there for at least 12 months in a row),
- Must be on Utah Medicaid, and
- Must fill out an application and mail or fax it to the Utah Department of Health by Dec. 31, 2016.

You may contact any of the people listed below if you would like to learn more about the ICF/ID Transition Program:

- The Administrator of the ICF/ID where you or your family member live
- Glen Larsen at the Department of Health: (801) 538-9294
- Steve Wrigley at the Division of Services for People with Disabilities: (801) 538-4073

If you decide to apply, you must complete and return the enclosed application to the Utah Department of Health by 5:00 PM on December 31, 2016. The address and fax number can be found on the application.

Sincerely,

Glen Larsen,
Waiver Liaison
